The Fourth Australasia and South-East Asia Structural Engineering and Construction Conference
Dear All,

Greetings and a warm welcome to all of you to the 4th Australasia and South East Asia Conference in Structural Engineering and Construction, ASEA-SEC-4. As the Chairs of the local organizing committee, we are pleased to be here at the beautiful campus of University of Southern Queensland in Brisbane, Australia.

The conference program is set to run during 3 – 5 December 2018. The program is designed to provide opportunities to researchers and practitioners to share their ideas, knowledge, and experiences, and to get feedback from peers and colleagues who have similar interests. Participants can also expand their networking through our technical/networking tours.

Once again, we welcome all of you to the beautiful and sunny Brisbane. Our local team has received a great support from the School of Civil Engineering and Surveying, Faculty of Health, Engineering and Sciences at University of Southern Queensland, and ISEC’s Organizing Committee, to ensure that all participants will have a wonderful experience throughout the conference!

We look forward to meeting all of you in person!

Kind regards,

Jim Shiau
