ASEA-SEC-4

THE FOURTH AUSTRALASIA AND SOUTH-EAST ASIA STRUCTURAL ENGINEERING AND CONSTRUCTION CONFERENCE

December 3 - 5, 2018 - BRISBANE, AUSTRALIA
HOST: University of Southern Queensland

CALL FOR PAPERS

STREAMLINING INFORMATION TRANSFER BETWEEN CONSTRUCTION AND STRUCTURAL ENGINEERING

The Fourth Australasia and South-East Asia Structural Engineering and Construction Conference (ASEA-SEC-4) is a regional conference aimed at bringing together the research of academics and practitioners, and their applications in the fields of structural engineering and construction management. The conference will provide a platform to discuss recent technical advancements and innovations in the profession of structural engineering and construction. The conference is an excellent opportunity for the exchange of ideas and knowledge, and for discussing future challenges.

Who should attend?

Academics, engineers, entrepreneurs, architects, and other interested persons are invited to attend the conference.

Call for Papers

Authors are invited to submit abstracts of between 125 and 225 words at:

https://www.isec-society.org/ASEA_SEC_04/abstractsAndPapers/

Authors must create an account, login, and upload their abstract. Authors of accepted abstracts will be invited to submit full papers for peer review. One author of each accepted paper will be expected to present the paper at the conference. Only accepted papers for which the full registration is paid will be published in the conference proceedings.

Conference Topics

The topics to be covered are in all areas of Structural and Construction Engineering, Air and Water, Architecture and Architectural Engineering, Education and Ethics, Energy, Geotechnical and Foundation Engineering, Project Management, Risk and Safety Management, Sustainability, and others. Please see details at: https://www.isec-society.org/ASEA_SEC_04/topics.php

About Brisbane

Brisbane is the capital of the Australian State of Queensland, the largest city in the State and the third most populated city in Australia. The Brisbane CBD stands on the site of the original European settlement, in a bend of the Brisbane River about 23 km from its mouth in Moreton Bay. It can be reached from the Brisbane International Airport in about 23 minutes by Airtrain. More information at: https://www.isec-society.org/ASEA_SEC_04/about.php

Weather in Brisbane

December is the beginning of Summer in Australia. Temperatures can reach as high as 40-45°C (107°F) in Brisbane, but on most summer days, maximum daytime temperatures rise to 31-33°C (88-91°F). Thunderstorms become a normal part of Brisbane weather conditions. Normally, the most severe storms occur after a period of drought and occur from late October to mid-December.
