ASEA-SEC-5

THE FIFTH AUSTRALASIA AND SOUTH-EAST ASIA STRUCTURAL ENGINEERING AND CONSTRUCTION CONFERENCE

November 30 – December 2, 2020, Christchurch, New Zealand

HOST: Ara Institute of Canterbury

CALL FOR PAPERS

Conference Theme: Emerging Technologies and Sustainability Principles in Structural Engineering and Construction

The Fifth Australasia and South-East Asia Structural Engineering and Construction Conference aims to bring together the state-of-the-art research and their applications in the fields of structural engineering and construction management. The conference will provide a platform to discuss recent technical advancements in the professions of structural engineering and construction. The conference is an excellent opportunity for the exchange of ideas and knowledge, and for discussing future challenges.

Who should attend?

Academics, engineers, entrepreneurs, architects, and other interested persons are invited to attend the conference.

Call for Papers

Authors are invited to submit abstracts of between 150 and 250 words at:

https://www.isec-society.org/ASEA_SEC_05/abstractsAndPapers/

Authors must create an account, login, and upload their abstract. Authors of accepted abstracts will be invited to submit full papers for peer review. One author of each accepted paper will be expected to present the paper at the conference. Only accepted papers for which the full registration is paid will be published in the conference proceedings.

Conference Topics

The topics to be covered are in all areas of Structural and Construction Engineering, Air and Water, Architecture and Architectural Engineering, Education and Ethics, Energy, Pipelines, Geotechnical and Foundation Engineering, Project Management, Risk and Safety Management, Sustainability, and others. Please see details at: https://www.isec-society.org/ASEA_SEC_05/topics.php
